

Work to begin as we pass the \$5 million mark!

Sketch of the St. Raphael's site, seen from above

THANKS TO THE GENEROSITY OF OUR DONORS SO FAR, WE HAVE SURPASSED THE 50% MARK IN OUR \$10 MILLION MAJOR FUNDRAISING CAMPAIGN.

We are about to start the crucial phase of actual construction. While the outside walls of the church will be preserved, the building will be extensively modified and the adjoining presbytery will be demolished. The remainder of the two-acre lot will be landscaped to create a large garden.

St. Raphael's will have 12 palliative care beds. Meanwhile, the day centre will be able to service roughly 20 patients per day, which is equivalent to 5,000 patient visits per year.

As of now we will be reaching out to the general public in order to achieve the \$10 million objective of our major fundraising campaign. The funds raised will cover all construction costs and the first two years of our operating costs.

We take this opportunity to express our gratitude to our donors and volunteers, thanks to whose efforts St. Raphael's expects to welcome its first patients in 2018.

Groundbreaking

We'll be holding a special event to mark the start of construction work on St. Raphael Palliative Care Home and Day Centre!

With a number of special guests in attendance, we will officially launch construction work on St. Raphael's with a groundbreaking ceremony at the project site on Monday, October 30th at 2 p.m.

Please join us!
RSVP: info@maisonstraphael.org

On this occasion, we will acknowledge the tremendous support provided by our many donors until now and begin the general public phase of our major fundraising campaign.

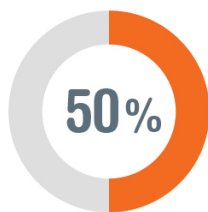

The event will also be an opportunity to bring all members of the St. Raphael's community together to celebrate an important milestone in the completion of this eagerly awaited project.

Because everyone has a right to an end of life imbued with compassion, respect, and humanity.

Why donate to palliative care?

BECAUSE EVERYONE HAS A RIGHT TO AN END OF LIFE IMBUED WITH COMPASSION, RESPECT, AND HUMANITY

1. Because at the end of life, life still comes first
2. Because the need is growing
3. Because the healthcare system is not enough
4. Because the community must take care of itself
5. Because it makes economic sense
